

# Recognition

## Higher/Further Education

## BEC

The Business English Certificates are a suite of three examinations – BEC Preliminary, BEC Vantage and BEC Higher – designed to test English language ability used in the context of business. They are suitable for adults (aged 16 and over) who are either preparing for a career in business or already in work and are taken in more than seventy countries. Like other Cambridge English for Speakers of Other Languages (ESOL) examinations, BEC covers the four main language skills – Reading, Writing, Listening and Speaking – as well as knowledge of vocabulary and grammar, and assesses learners' ability to communicate in English in real situations.

Below are details of some of the higher and further education institutions worldwide which recognise the Business English Certificates (BEC). Many of the following institutions encourage their students to take international examinations such as BEC. Some institutions recognise BEC for admissions purposes, others recognise BEC as credits towards international English courses. You should note that requirements for particular higher/further education courses often vary and you should always discuss specific entry or credit details with the institution directly. Visit <http://www.cambridgeesol.org/recognition/search.php> to search the recognition database online.
